

Clean Burn Waste Oil Furnaces

Volume 3, Issue 4

ECO HEATING SYSTEMS, INC.

April 2014

Time for a Trade-In?

Clean Burn has announced their much anticipated Trade-In Program. The feedback we receive from our customers each year is that this is a widely appreciated program. A furnace, at the end of its lifetime, can be traded in for a brand new furnace.

If your furnace looks like this:

Call us at 866-888-1103 to trade it in for this:

Welcome to the Clean Burn Family!

Altra Landscaping in Elkton, MD had Eco Heating Systems install a CB3250 and tank.

WELCOME!!!

35th Anniversary

CONGRATULATIONS!!! Clean Burn is celebrating 35 years in the waste oil furnace business! No other waste oil furnace company even comes close. What started in Lancaster County, PA as a revolutionary idea - that waste oil could be recycled for heat—turned into a thriving business. Today, Clean Burn leads the world in the manufacturing of waste oil furnaces.

Clean Burn wrote the book on reliability, efficiency and durability. Its heavy duty construction is designed for industrial use and it is the only waste oil furnace on the market designed from the ground up to burn waste oil. That is why our customers tell us "Better get a Clean Burn!"
